

2023 BEGINNER TRAINING GUIDE

This programme is for you if it's your first half marathon, or a long time since you ran any longer distance.

To get the most out of it, you should be able to run 3 miles (5km) in under 40 minutes. However, do not panic if you can't - this plan is totally achievable. The plan is just a guide, so do not hesitate to move things around to fit around your routine or lifestyle. Saturday for example is marked as a rest day to allow some recovery time ahead of a Sunday long run, but, if you always do parkrun or any other activity on a Saturday don't feel the need to remove it from your routine.
